

2009-10 Grading Report

At the time of writing Sun May 30th - 6 events have so far been completed and

The files sent to the ECF for inclusion in the national database

Cleveland Individual CH - KO Cup - Elmwood Club Ch -Griffin Club Ch -Hartlepool Club Rapid-Play- Hartlepool Club Ch

The **Cleveland League** file will be sent in after the outstanding

A-Div match between Griffin A & Peterlee on Tue June 1st

other partially processed files remaining are

Middlesbrough Club Ch -Redcar Club Ch

These will be sent in as soon as I receive the remaining results,

Or my when absolute deadline passes.

You can make sure your event has been included by checking

The events received for grading page of the ECF website

<http://www.sccu.ndo.co.uk/events0910.htm>

By now most people will be aware of what I have been doing by looking at the grading section on the ChessNE1 forum

<http://peterleechessclub.co.uk/yabb/YaBB.pl?board=grading>

The grading has mostly gone on without a hitch,

Just the usual routine queries and issuing of estimated or provisional grades which seem to have been accepted as an attempt to be fair, at least I haven't had any feedback to the contrary.

The only bone of contention has been the nominated players list, and whether or not my estimated grades can be considered 'official',

Anyway this issue will be resolved one way or another at next week's AGM.

If I am still grader then I will be grading the new Middlesbrough Congress in July also

I know Brian is concerned about the lack of entries so far, so if you are intending playing

Show him your support and send your entries off today.

We wouldn't want this event cancelled due to lack of support after losing it for all these years.

Mike Creaney-CCA Grader 09/10
